

CUSTOMER PORTAL

Give your customers access to the information they want from wherever they are.

Empower your customers with a self-service portal that delivers real-time information.

Eliminate the need for fielding report requests and inquiries about account balances with Wynne's Customer Portal. This web-based application delivers the information they want—24 hours a day—from wherever they are.

Your customers will love Customer Portal's intuitive and modern design. Embed dashboards and reports that will answer all of their questions, and will keep them connected with your company and brand.

Customize what reports and dashboards they see

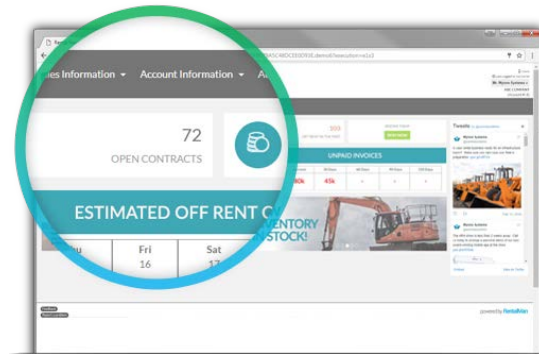

Users can run and schedule reports

Easily embedded onto your company website

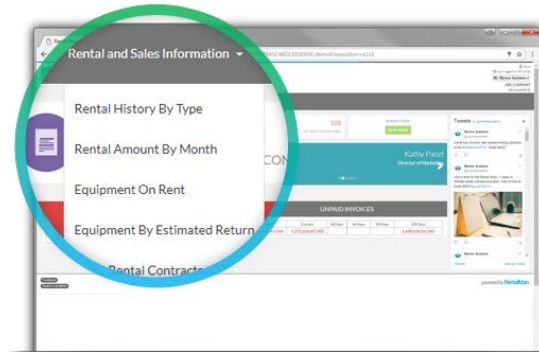

Let your customers do business the way they want

Remove the friction of phone calls and emails. Customers can simply log into your branded Customer Portal and can easily navigate to find the information they want.

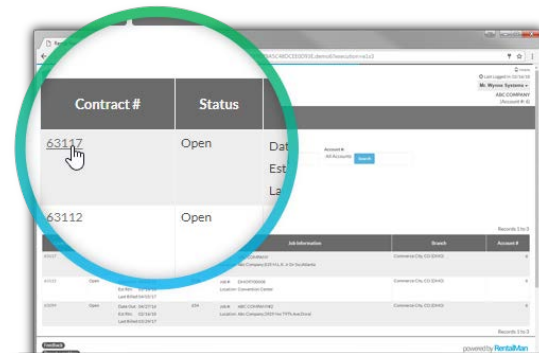

Easy access to critical information

Simplified dashboards allows users to access information they inquire the most about. A simple click will list all the details behind the dashboard. It's that simple.

Multiple report types

Whatever information they need, they can run and customize their own report. If needed, they can schedule reports to be delivered straight to their—or anyone's—inbox.

Contracts & Invoices

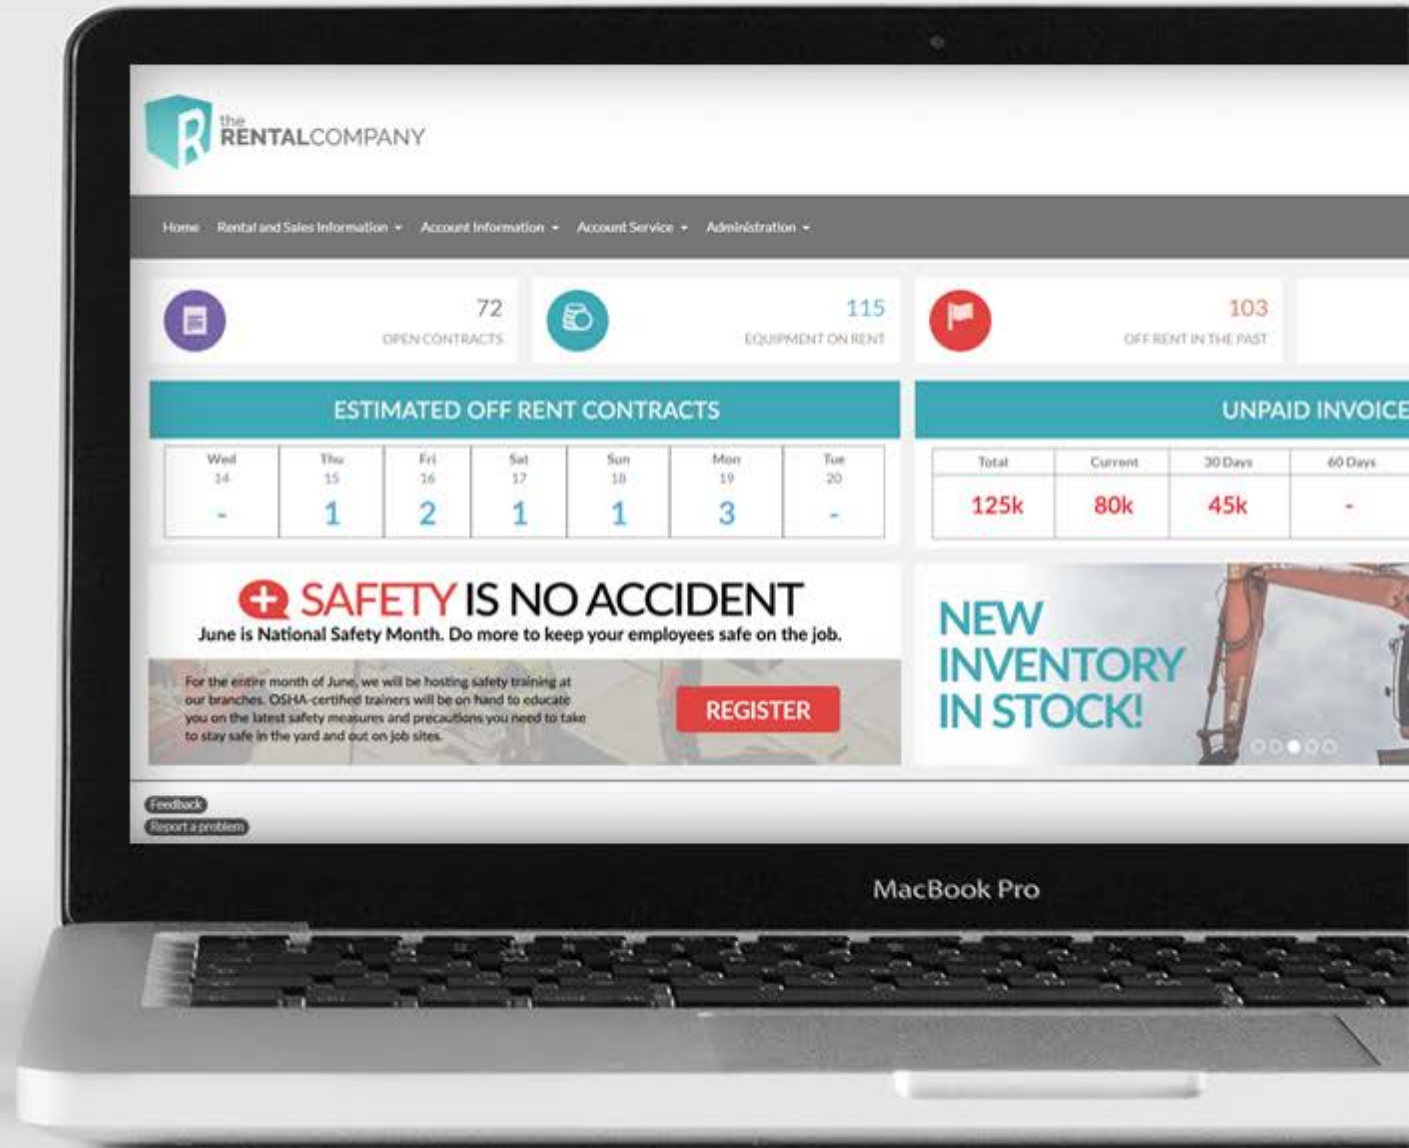

View, print or download the official contract or invoice. For open invoices, users can opt to pay for one, some, or all within Customer Portal with a credit card.

SAFETY IS NO ACCIDENT

June is National Safety Month. Do more to keep your employees safe on the job.

For the entire month of June, we will be hosting safety training at our branches. OSHA-certified trainers will be on hand to educate you on the latest safety measures and precautions you need to take to stay safe in the yard and out on job sites.
